Evan immediately seated himself on the bike and pedaled around the driveway with a big grin. He has had limited mobility for several years, and requires a walker to navigate. "This is my pathway to freedom," he announced.

Evan expressed his sincere gratitude to Air Capital AMBUCS for helping him to acquire the tryke.

Family Fun Day at Chicken N Pickle

Air Capital members, family and friends enjoyed an afternoon of food and fun at Chicken N Pickle on Sunday, July 28. The venue offered indoor and outdoor pickle ball courts, as well as bocce ball, shuffleboard and other activities.

The fun committee planned for delicious chips and dips to be served, and a menu of chicken appetizers and entrees was available.

Several exhibited their skills at pickle ball, while others cheered them on, or engaged in conversation.

July Air Capital Meeting

President Eric Hensley invited Tori Magnett to speak at the Air Capital meeting on July 25.

Tori works with Skills USA, a partnership of students, teachers and industry working to ensure America has a skilled work force. The organization serves students enrolled in career and technical education training programs in Kansas public high schools and colleges. She mentioned a various benefits to students, including reinforcing skills through a national competition.

Brian Cavin reported that Air Capital received \$2,315 from the Sunflower Dance Competition held in June. The Dollar Dance alone, which followed the Saturday evening Variety Show, brought in \$1,200, with the Silent Auction and individual donations contributing to the total.
